Welcome to a world of possibilities and sustainable Living

Step into a world where innovation meets nature, and sustainability becomes a lifestyle. At B&N GLOBAL, we envision a future where eco-friendly choices are not limits but possibilities — redefining the way the world dines, celebrates, and lives responsibly.

Indulge in the elegance of our Areca plates, meticulously handcrafted from naturally fallen areca palm sheaths. Every piece reflects the purity of nature and the artistry of human hands — honouring tradition while empowering women and supporting rural communities

By choosing B&N GLOBAL, you're not just embracing eco-conscious living — you're joining a movement that transforms everyday dining into an act of purpose. Each areca-leaf plate is sustainably sourced, biodegradable, and microwave-safe, blending natural purity with global standards of quality. From homes to hospitality, our tableware brings sophistication and strength to every occasion, proving that true elegance lies in responsibility and innovation. Together, we create a world where sustainability isn't a choice — it's a way of life.

The Purpose Behind Our Trade

Sustainable Innovation

We strive to redefine global dining by championing eco-conscious alternatives to single-use plastics. Our mission is to transform natural resources into elegant, responsible solutions for a cleaner planet.

Uncompromising Quality

Every areca-leaf product we create reflects a blend of nature's purity and world-class craftsmanship. Designed to surpass international export standards, our tableware embodies durability, beauty, and environmental care.

Partnerships Built on Trust

At B&N GLOBAL, we believe meaningful business begins with integrity. We foster long-term partnerships grounded in transparency, reliability, and a shared vision for sustainable growth.

Excellence in Global Trade

From production to delivery, our export operations are tailored for precision and professionalism. With seamless documentation and dependable logistics, we ensure every shipment arrives on time — reflecting our promise of trade excellence.

Microwave Safe
Nature is elegance, now microwave-safe. A perfect blend of tradition and convenience for modern lifestyles.

100% Natural and Chemical Free

Purely Natural: An eco-conscious choice. Preserving your health and the environment with every use.

Biodegradable

Nature-friendly choice, preserving the environment and a sustainable option for eco-conscious consumers.

The Essence of B&N GLOBAL”

At B&N GLOBAL, we transform nature into elegance — crafting premium areca-leaf tableware that redefines sustainable dining. Rooted in the belief that eco-conscious choices should never compromise on style, we bring together natural design and global sophistication to create tableware that speaks of both purity and purpose.

Driven by innovation and integrity, we adhere to the highest international export standards to ensure every product reflects excellence in craftsmanship and quality. From sourcing raw materials responsibly to delivering the final product, every stage is guided by precision, transparency, and environmental responsibility.

Beyond products, we represent a movement — a commitment to sustainable trade that empowers communities, preserves nature, and inspires conscious living worldwide. Through trust, professionalism, and a passion for impact, B&N GLOBAL continues to build bridges between nature and global dining culture.
